Is this based on a recent vacancy? Yes No

If yes, please describe the expertise of the previous faculty member:

If yes, please provide three years worth of accurate course and enrollment data (inaccurate information will lead to delay or possible denial of request):

Please describe the projected teaching load, teaching responsibilities, and course enrollments of the requested hire:

Regular Faculty Recruiting Application

Please describe the attributes of a successful candidate, including (1) the area of research, teaching, and/or service and (2) the ways that the successful candidate's research will contribute to OU's commitment to excellence as a comprehensive university. Please be detailed and specific about the strategic priorities of the unit and its goals. Especially valuable are reference points to externally validated norms of national competitiveness (these are often discipline specific but could include national awards, recognitions, fellowships, or post-docs, excellence in graduate-degree granting institution, funded research, notable publications or performances, etc.). In general, what markers of national competitiveness would be expected of a potential hire for this search:
